

DIGIMON CARD GAME ALTERNATIVE BEING [EX04]

EX04

No.	Name	Q	A
EX4-001	Missimon		
		If this card is a digivolution card, does the Digimon above it meet the condition of this card's [On Deletion] effect? 1	No, it doesn't. The [On Deletion] effect activates after the card moves to your trash, therefore the Digimon where this card is a digivolution card won't be in the battle area and can't meet the condition.
EX4-002	Kokomon		
		Does this card's inherited effect activate when an attack is performed using a "[Start of Your Main Phase] Attack with this Digimon" effect? 1	No, it doesn't activate. "Attack with this Digimon" effects aren't suspending by an effect, they're suspending by an attack. Therefore, they aren't considered to be a "When an effect suspends" effect.
EX4-004	Pinamon		
		If a Digimon with this card in its digivolution cards is deleted by an opponent's <Retaliation>, does this card's [On Deletion] effect activate? 1	Yes, it activates. Deletion by the <Retaliation> effect isn't considered deletion by battle.
EX4-006	Guilmon		
		Does "If the total number of cards in both players' trashes is 20 or more" mean 20 or more cards in either me or my opponent's trashes? 1	No, it means when the cards in your trash and the cards in your opponent's trash add up to 20 or more cards in total. For example, the condition is met if you have 12 cards in your trash and your opponent has 8 cards in their trash.
		After gaining <Rush> from this card's [On Play] effect, is <Rush> lost if the total cards in both players' trashes is reduced to 19 or fewer cards? 2	No, "for the turn" effects persist as long as the conditions were met at the time of activation.
EX4-008	BlackGrowlmon		
		Does this card's [When Digivolving] effect force both players to trash the top 2 cards of their decks? 1	Yes. Both players must trash 2 cards each, if possible.
		Can I choose to not return the cards to my hand for this card's [When Digivolving] effect when I have 1 [Guilmon] or 1 card with [Growlmon] or [Gallantmon] in its name in my trash? 2	Yes, the effect reads "you may return [...] to your hand," therefore you may choose to not return cards to your hand. However, even in such cases, both players must trash 2 cards from the tops of their decks.
		Can I choose to not return the cards to my hand for this card's inherited effect when I have 1 [Guilmon] or 1 card with [Growlmon] or [Gallantmon] in its name in my trash? 3	Yes, the effect reads "you may return [...] to your hand," therefore you may choose to not return cards to your hand.
EX4-009	RizeGreymon		
		Does this card's [When Digivolving] effect still activate for my opponent's Security Digimon and give them -4000 DP when my opponent doesn't have any Digimon? 1	Yes, it does.
EX4-010	BlackWarGrowlmon		
		Does "For every 10 total cards in both players' trashes" mean every 10 cards in either me or my opponent's trashes? 1	No, it means every 10 cards in the total sum of cards in your trash and the cards in your opponent's trash. For example, if you have 15 cards in your trash and your opponent has 9 cards in their trash, the total would be 24. Therefore, you add 4000 to the maximum this DP-based deletion effect can delete, and you can now choose any number of your opponent's Digimon so that their DP total is 7000 or less.
EX4-011	ChaosGallantmon		
		What does [Trash] in this card's [End of Your Turn] effect mean? 1	It means that the effect will activate at the specified timing if this card is in your trash.
		After deleting 1 of my Digimon with digivolution cards and [Gallantmon] in its name, can I choose to not play this card for this card's [End of Your Turn] effect? 2	Yes, the effect reads "you may play," so you can choose not to play it.
		Does "For every 10 total cards in both players' trashes" in this card's [On Play] effect mean every 10 cards in either me or my opponent's trashes? 3	No, it means every 10 cards in the total sum of cards in your trash and the cards in your opponent's trash. For example, if you have 15 cards in your trash and your opponent has 9 cards in their trash, the total would be 24. Therefore, you add 4000 to the maximum this DP-based deletion effect can delete, and you can now delete 1 of your opponent's Digimon with 11000 DP or less.

EX4-013	MedievalGallantmon		
		I use the [Security] effect to play this card, then it was deleted during that same turn. In such cases, can I return this card from my trash to my hand at the end of the turn? 1	No, you can't. In such cases the card remains placed in your trash.
		When an opponent's Digimon isn't deleted by this card's [On Play][When Attacking] effect, can I specify 1 of my opponent's suspended Digimon and prevent it from unsuspending during my opponent's next unsuspend phase? 2	Yes, you can.
		What happens if this card is flipped over upon a security check from an opponent's Digimon's attack in a state where a "your opponent's [Security] effects don't activate" effect has activated? 3	Since the [Security] effect didn't activate, the battle proceeds normally. At the end of the battle, this card is trashed.
EX4-014	Gaossmon		
		Does this card's effect also activate when an opponent's Digimon with the [Blue Flare] or [Twilight] trait is played during my turn? 1	Yes, it does.
		During my turn, a card with the [Blue Flare] trait was played and this card's effect was triggered. If a card with the [Twilight] trait is played by another effect before this card's effect activates, can I perform both <Draw 1> and "return 1 Digimon card with DigiXros requirements from your trash to your hand" in this card's effect? 2	No, you can't. If Digimon with the [Blue Flare] and [Twilight] traits are played by separate effects, this card's effect will separately trigger for each trait. Because of the rule that states that an effect triggered afterward will take precedence for activation, for the situation stated in your question, "return 1 Digimon card with DigiXros requirements from your trash to your hand" will activate by playing the Digimon with the [Twilight] trait, but because the effect is a [Once Per Turn] effect, <Draw 1> doesn't activate by playing the Digimon with the [Blue Flare] trait.
		This card has the [Blue Flare] trait, so do I get <Draw 1> from this card's own effect when this card is played? 3	Yes, that's correct.
		Can I perform both <Draw 1> and "return 1 Digimon card with DigiXros requirements from your trash to your hand" in this card's effect when a card with both the [Blue Flare] and [Twilight] traits is played during my turn? 4	Yes, you can perform both.
EX4-016	Greymon		
		If the cards I reveal from my deck for this card's effect include only either [Kiriha Aonuma] or 1 blue or black card with DigiXros requirements, can I only add 1 card to my hand? 1	Yes, even if you only reveal one of the applicable cards, you can still add it to your hand.
		If the cards I reveal from my deck for this card's effect include both [Kiriha Aonuma] and 1 blue or black card with DigiXros requirements, can I add 1 card to my hand and trash the rest? 2	No. If you have cards that are targets of this effect, you must add as many cards to your hand as possible.
EX4-018	MailBirdamon		
		I used this card's [On Play] effect to give 1 of my opponent's Digimon with the lowest level "[When Attacking] Lose 2 memory.". Then, that opponent's Digimon digivolved and another Digimon became their Digimon with the lowest level. What happens to the "[When Attacking] Lose 2 memory" effect? 1	Your opponent's target Digimon that was specified when the effect activated will continue to have the "[When Attacking] Lose 2 memory" effect until the end of your opponent's turn.

EX4-020	MetalGreymon		
		I chose 1 of my opponent's Digimon with 3 or fewer digivolution cards as the target for "can't attack until the end of your opponent's turn" in this card's inherited effect. Then, that opponent's Digimon digivolved and its digivolution cards increased to 4 or more. What happens to the "can't attack until the end of your opponent's turn" effect?	The "can't attack" effect won't end until the end of your opponent's turn, even if the digivolution cards increase to 4 or more.
		1	
EX4-021	GreyKnightsmon		
		After this card's [On Play] effect was used to prevent a level 4 or lower Digimon from attacking, the Digimon digivolved and became level 5 or higher. Can this Digimon attack?	Yes, it can attack. The effect reads "all of your opponent's level 4 or lower Digimon," therefore the effect will no longer affect Digimon that become level 5 or higher after the effect activates. On the other hand, Digimon will be affected by the effect if they become level 4 or lower or a level 4 or lower Digimon is newly played on the battle area after the effect activates.
		1	
EX4-022	ZeedGarurumon		
		I used this card's [When Digivolving] effect to return an opponent's level 4 Digimon to its owner's hand when my opponent had 7 cards in their hand. My opponent now has 8 cards in their hand, so does the rest of the effect after "Then, if your opponent has 8 or more cards in their hand" also activate?	Yes, it does.
		1	
EX4-023	Agumon Expert		
		Is the card placed on top of my security stack by this card's effect the Digimon played by my opponent or the card revealed from my hand?	The card revealed from your hand.
		1	
		Can I activate this card's [Opponent's Turn] effect when [BT9-103 Kongou]'s effect is preventing cards from being added to my security stack?	You can activate the effect, but you can't add cards to your security stack, therefore the revealed card can't be added to your security stack and is trashed by the rules.
		2	
		Can I use this card's [Opponent's Turn] effect to reveal [EX2-045 Calumon] from my hand when my opponent plays a Lv.- [EX2-045 Calumon]?	No, you can't. [EX2-045 Calumon] is a card with no level, so it isn't considered to have the same level even though it's the same card, and you can't use this card's effect to reveal it.
		3	
EX4-024	Renamon		
		I have 8 or more yellow Tamers in play, and use [BT2-099 Glorious Burst]. Can I activate this card's inherited effect?	No. [BT2-099 Glorious Burst]'s cost has been changed to 1, so using it isn't considered to be using an Option card with a cost of 2 or more.
		1	
EX4-026	Youkomon		
		I have 8 or more yellow Tamers in play, and use [BT2-099 Glorious Burst]. Can I activate this card's inherited effect?	No. [BT2-099 Glorious Burst]'s cost has been changed to 1, so using it isn't considered to be using an Option card with a cost of 2 or more.
		1	
EX4-027	GoldVeedramon		
		My opponent used this card's [When Digivolving] effect to prevent my Digimon with 6000 DP or less from attacking or blocking. If that Digimon's DP increased to 7000 or more by an effect afterwards, can it attack or block?	No, it can't. A Digimon targeted by this effect will be affected until the timing specified in the effect, even if its DP increases to 7000 or more after the effect activates.
		1	
		If I use this card's [When Digivolving] effect on an opponent's Digimon with 8000 DP and its DP is reduced by -2000 so that it becomes 6000 in a situation where I have a blue or yellow Tamer in play or I have a card with the [Armor Form] trait in my trash, can I choose that Digimon as the target for the effect that prevents 1 Digimon from attacking or blocking?	Yes, you can.
		2	
EX4-028	Doumon		
		I have 8 or more yellow Tamers in play, and use [BT2-099 Glorious Burst]. Can I activate this card's inherited effect?	No. [BT2-099 Glorious Burst]'s cost has been changed to 1, so using it isn't considered to be using an Option card with a cost of 2 or more.
		1	
EX4-030	Kuzuhamon		
		When I have 8 or more yellow Tamers in play and use [BT2-099 Glorious Burst], does this card's [Your Turn] effect activate?	No. [BT2-099 Glorious Burst]'s cost has been changed to 1, so using it isn't considered to be using an Option card with a cost of 2 or more.
		1	

		Can I use [EX4-072 Digital Translator]'s effect to digivolve [Sakuyamon] into this card?	Yes. This card is treated as having [Sakuyamon] in its name and it's a level 6 card with a name other than [Sakuyamon], therefore it can digivolve using [EX4-072 Digital Translator]'s effect.
EX4-032	Terriermon		
		If the cards I reveal from my deck for this card's effect include only either a 2-color green card or a Tamer card with [Henry Wong] in its name, can I only add 1 card to my hand?	Yes, even if you only reveal one of the applicable cards, you can still add it to your hand.
		If the cards I reveal from my deck for this card's effect include both a 2-color green card and a Tamer card with [Henry Wong] in its name, can I choose to only add one of them to my hand, and place the remaining cards at the bottom of my deck?	No. If you have cards that are targets of this effect, you must add as many cards to your hand as possible.
EX4-034	Lopmon		
		If the cards I reveal from my deck for this card's effect include only either a 2-color green card or a Tamer card with [Shu-Chong Wong] in its name, can I only add 1 card to my hand?	Yes, even if you only reveal one of the applicable cards, you can still add it to your hand.
		If the cards I reveal from my deck for this card's effect include both a 2-color green card and a Tamer card with [Shu-Chong Wong] in its name, can I choose to only add one of them to my hand, and place the remaining cards at the bottom of my deck?	No. If you have cards that are targets of this effect, you must add as many cards to your hand as possible.
EX4-036	BlackRapidmon		
		What can be the target of <De-Digivolve 1> in this card's [End of Attack] effect?	It targets 1 of your opponent's Digimon.
		An effect suspended another Digimon when I attacked my opponent's Digimon using my Digimon with this card in its digivolution cards, and only my Digimon survived. Does this Digimon gain <Piercing> by this card's inherited effect and allow me to check my opponent's security stack?	No. You can't perform a security check even if you gain <Piercing> after deleting your opponent's Digimon in battle.
		Can I use this card's "3 from Lv.4 w/[Gargomon] in name or 2-color w/green" special digivolution to digivolve from a "Lv.4 Digimon w/[Gargomon] in name" or "2-color Lv.4 Digimon w/green"?	Yes, that's correct. A Lv.4 Digimon is required for both "w/[Gargomon] in name" and "2-color w/green."
EX4-037	BlackMegaGargomon		
		Can I use this card's "4 from Lv.5 w/[Rapidmon] in name or 2-color w/green" special digivolution to digivolve from a "Lv.5 Digimon w/[Rapidmon] in name" or "2-color Lv.5 Digimon w/green"?	Yes, that's correct. A Lv.5 Digimon is required for both "w/[Rapidmon] in name" and "2-color w/green."
EX4-038	Agumon		
		If the cards I reveal from my deck for this card's effect include only either a Digimon card with [Greymon] in its name or a Digimon card with [Gabumon], [Garurumon], or [Omnimon] in its name, can I only add 1 card to my hand?	Yes, even if you only reveal one of the applicable cards, you can still add it to your hand.
		If the cards I reveal from my deck for this card's effect include both a Digimon card with [Greymon] in its name and a Digimon card with [Gabumon], [Garurumon], or [Omnimon] in its name, can I choose to only add one of them to my hand, and place the remaining cards at the top of my deck?	No. If you have cards that are targets of this effect, you must add as many cards to your hand as possible.
EX4-039	Gabumon		
		If the cards I reveal from my deck for this card's effect include only either a Digimon card with [Garurumon] in its name or a Digimon card with [Agumon], [Greymon], or [Omnimon] in its name, can I only add 1 card to my hand?	Yes, even if you only reveal one of the applicable cards, you can still add it to your hand.
		If the cards I reveal from my deck for this card's effect include both a Digimon card with [Garurumon] in its name and 1 Digimon card with [Agumon], [Greymon], or [Omnimon] in its name, can I choose to only add one of them to my hand, and place the remaining cards at the top of my deck?	No. If you have cards that are targets of this effect, you must add as many cards to your hand as possible.

EX4-040	SkullKnightmon		
		Can I use this card's [On Play] effect to play a [EX4-062 Kiriha Aonuma & Nene Amano] from my hand without paying the cost? 1	Yes, you can.
		Does this card's [On Play] effect activate when I have [EX4-062 Kiriha Aonuma & Nene Amano] in play? 2	No. [EX4-062 Kiriha Aonuma & Nene Amano] is a card that's also treated as [Nene Amano], therefore the "If you don't have [Nene Amano] in play" condition isn't met and the effect doesn't activate.
EX4-050	ShadowSeraphimon		
		My opponent's Digimon with <Security Attack +1> attacks me and 1 card is removed from my security stack by the security check. If I use this card's [Opponent's Turn] effect to <De-Digivolve X> that opponent's Digimon and it loses <Security Attack +1>, is the 2nd security check performed? 1	No. If this card's effect causes <Security Attack +1> to be lost before the 2nd security check, it isn't performed.
EX4-052	Fake Agumon Expert		
		Can I use this card's [Your Turn] effect to trash [EX2-045 Calumon] from my hand when an opponent's Lv.- [EX2-045 Calumon] is deleted? 1	No, you can't. [EX2-045 Calumon] is a card with no level, so it isn't considered to have the same level even though it's the same card, and you can't use this card's effect to trash it.
EX4-053	Falconmon		
		If the cards I reveal from my deck for this card's effect include only either a purple Digimon card with [Ravemon] in its name or [Bird] or [Avian] in one of its traits or a [Keenan Crier], can I only add 1 card to my hand? 1	Yes, even if you only reveal one of the applicable cards, you can still add it to your hand.
		If the cards I reveal from my deck for this card's effect include both a purple Digimon card with [Ravemon] in its name or [Bird] or [Avian] in one of its traits and 1 [Keenan Crier], can I choose to only add one of them to my hand, and place the remaining cards at the bottom of my deck? 2	No. If you have cards that are targets of this effect, you must add as many cards to your hand as possible.
EX4-055	Peckmon		
		Do I or my opponent choose the card to be deleted from their hand when I activate this card's inherited effect? 1	Your opponent chooses.
EX4-056	Crowmon		
		If a Digimon with this card in its digivolution cards is deleted by an opponent's <Retaliation>, does this card's [On Deletion] effect activate? 1	Yes, it activates. Deletion by the <Retaliation> effect isn't considered deletion by battle.
EX4-058	Ravemon		
		Do I or my opponent choose the card to be trashed from their hand when I activate this card's [On Deletion] effect? 1	Your opponent chooses.
EX4-059	Cherubimon		
		This card's [When Digivolving] effect gave my level 5 Digimon the "[On Deletion] You may play this card without paying the cost" effect. If it later digivolves, becomes level 6 or higher, and is then deleted, does this [On Deletion] effect activate? 1	Yes, it activates.
EX4-060	Omnimon Alter-S		
		When [BT11-109 Astral Snatcher]'s effect places this card in another Digimon's digivolution cards, does this card's [All Turns] effect activate? 1	This effect is a "would" effect, so its activation comes first and interrupts [BT11-109 Astral Snatcher]'s effect that places this card in digivolution cards. Therefore, you play 1 [BlitzGreymon] and 1 [CresGarurumon] from the digivolution cards without paying the costs, then place this Digimon at the bottom of your security stack face down. [BT11-109 Astral Snatcher]'s effect that places a card as the bottom digivolution card under another Digimon will fail because its target has been removed.
EX4-073	Omnimon Alter-B		
		Do I choose 1 Digimon with the lowest play cost or 1 Tamer with the lowest play cost to delete for "among your opponent's Digimon and Tamers, delete 1 with the lowest play cost" in this card's [When Attacking] effect? 1	No. You delete the one with the lowest play cost from among your opponent's Digimon and Tamers. If multiple Digimon and/or Tamers have the lowest play cost, the player of this card chooses from among them.

		I used this card's [When Attacking] effect to trash 2 level 6 or higher digivolution cards. If my opponent has 1 Digimon with a play cost of 3 and 1 Digimon with a play cost of 4, can I delete both of them?	2	Yes, you can. For every level 6 or higher digivolution card trashed, this effect deletes 1 of your opponent's Digimon or Tamers in order starting with the lowest play cost.
		If I use this card's [When Attacking] effect to trash 3 level 6 or higher digivolution cards, do I trash the top 2 cards of my opponent's security stack after deleting 3 of their Digimon and/or Tamers with the lowest play costs?	3	Yes, that's correct.
		Can I use this card's [When Digivolving] effect to choose 0 for the play cost total without deleting an opponent's Digimon?	4	No, you can't. This effect requires you to choose at least 1 of your opponent's Digimon with a play cost of 6 or less whenever possible.
EX4-074	ShineGreymon: Ruin Mode			
		I played a Digimon with 5000 DP or less in a state where my opponent used this card's [When Digivolving][On Deletion] effect to give all of my Digimon -5000 DP. Can I activate my played Digimon's [On Play] effect before it's deleted by its DP becoming 0?	1	No, you can't. If a card is played at the same time as deletion by DP becoming 0, the [On Play] effect is triggered, but it can't activate because the card is deleted before it activates.
		Do I have to activate this card's [End of Attack] effect?	2	Yes, you must activate it whenever possible.
		Does this card's [End of Attack] effect also activate when my opponent has no Digimon in play?	3	Yes, it does.
EX4-062	Kiriha Aonuma & Nene Amano			
		Does this card's [Start of Your Main Phase] effect activate if there are 2 or more Digimon in the battle areas including my opponent's Digimon, rather than just my Digimon?	1	Yes. If you and your opponent have a total of 2 or more Digimon in play, the effect activates.
		If I have multiple Tamers with cards under them, can I use this card's [All Turns] effect to perform a DigiXros for each of my Tamers using a card from under each one?	2	No, you can't. Even if you have multiple Tamers with cards under them, you can only use 1 card from under 1 of them when you choose cards for a DigiXros.
EX4-064	Keenan Crier			
		If one of my purple Digimon with [Ravemon] in its name or [Bird] or [Avian] in one of its traits is deleted by an effect, do I perform both <Draw 1> and gain 1 memory from this card's [All Turns] effect?	1	Yes, that's correct.
EX4-067	Full Metal Blaze			
		I used this card's effect to return an opponent's level 4 Digimon to its owner's hand when my opponent had 7 cards in their hand. My opponent now has 8 cards in their hand, so does the rest of the effect after "Then, if your opponent has 8 or more cards in their hand" also activate?	1	Yes, it does.
EX4-068	Heaven's Judgement			
		If I activate this card's [Main] effect two or more times, can I give -6000 DP to different opponent's Digimon?	1	Yes. This [Main] effect activates again for each color your Digimon have, and you get to choose the target for each activation.
		If I activate this card's [Main] effect two or more times, are they treated as activating at separate timings?	2	No, they're treated as activating at the same timing.
		Does this card's [Main] effect activate three times when I have 1 2-color Digimon?	3	Yes, that's correct.
		If I have a red/blue Digimon and a red/black Digimon, do they count as 4 colors and make this card's [Main] effect activate five times?	4	No, multiple instances of the same color count as 1 color. Therefore, for the situation stated in your question, red, blue, and black would count as 3 colors, so the effect would activate four times.
		If I activate this card's [Main] effect two or more times, can I activate the effect for different opponent's Digimon each time?	5	Yes, this effect activates multiple times, so you can choose different targets each time it activates.
EX4-069	Gaia Reactor			
		Which player chooses 1 of each player's Digimon with the highest play cost for this card's effect?	1	The player that uses this card chooses.

EX4-070	Tarnished Hero		
		<p>If I use this card when my opponent has no level 3 Digimon, can I still activate the effect that places this card in my battle area?</p> <p>1</p>	<p>Yes, you can.</p>
		<p>If my opponent doesn't trash an Option card from their hand for this card's <Delay> effect, does my opponent gain 2 memory?</p> <p>2</p>	<p>No, you gain 2 memory. This effect makes your opponent choose between trashing an Option card from their hand or losing 2 memory.</p>
EX4-072	Digital Translator		
		<p>What does "a level 6 Digimon card in your hand with a different name that includes the chosen Digimon's name" on this card mean?</p> <p>1</p>	<p>It means a level 6 Digimon card whose name partially contains the name of the chosen Digimon. For example, if you choose [WarGreymon], you can ignore the digivolution requirements and digivolve it into a level 6 Digimon card that includes [WarGreymon] as part of its name, such as [WarGreymon (X Antibody)], [BlackWarGreymon], or [BlackWarGreymon (X Antibody)].</p>
		<p>If I choose my [Sakuyamon] as the target for this card, can I digivolve it into [EX4-030 Kuzuhamon] since it has a "This card/Digimon is also treated as having [Sakuyamon] in its name" effect?</p> <p>2</p>	<p>Yes, you can.</p>
		<p>If I choose [EX4-030 Kuzuhamon] with its "This card/Digimon is also treated as having [Sakuyamon] in its name" effect as the target for this card, can I digivolve it into my [Sakuyamon]?</p> <p>3</p>	<p>No, you can't. [EX4-030 Kuzuhamon] will have the name [Sakuyamon], but a [Sakuyamon] card doesn't include [Kuzuhamon] in its name, so it isn't considered to be a card with the same name.</p>
