No.		Q	Α
EX2-003	Viximon		
	1	I have 8 or more yellow Tamers in play, and use [BT2-099 Glorious Burst]. Can I activate this card's inherited effect?	No. [BT2-099 Glorious Burst]'s cost has been changed to 1, so using it isn't considered to be using an Option card with a cost of 2 or more.
	2	I have 1 card in my security stack. If I use [BT7-100 Qualialise Blast], can I activate this card's inherited effect?	Yes. When you use [BT7-100 Qualialise Blast]'s effect, it changes the cost paid to the number of cards in your security stack, but doesn't change the cost of the card
	3	I use an Option card with a cost of 2 or more by an effect that reads, "Use an Option card without paying its cost." Can I activate this card's inherited effect?	Yes. Effects that use Option cards without paying their costs are skipping the costs entirely, not changing them.
EX2-004	Gummymon		
	1	Does this card's inherited effect activate when my opponent suspends a Digimon by activating <blocker>?</blocker>	Yes, it does.
EX2-007	Mother D-Rea	per	
	1	Does this card go in my deck, or my Digi-Egg deck?	This card is a Digi-Egg card, so it goes in your Digi-Egg deck.
	2	When I hatch this card during my breeding phase, do I place it in my breeding area, or my battle area?	It's placed in your breeding area as a level-less Digimon.
	3	This card doesn't have a level. Can I still digivolve it into other cards?	No. Cards that don't have levels can't be digivolved from. (Other than through special digivolutions.)
	4	If this card is in my breeding area, how do I move it to my battle area?	It can be moved from your breeding area to your battle area like any other Digimon. Level 2 Digimon don't have DP, and therefore can't be moved to your battle area. This card has DP, which means it can be moved to your
	5	If this card is in my breeding area, can I activate its [Main] effect to place my [ADR-02 Searcher] in its digivolution cards?	No, you can't activate effects in the breeding area.

6	If this card is in my battle area, can it be attacked by my opponent's Digimon with an effect that reads "This Digimon can also attack unsuspended Digimon"? This card is in my battle area. If an opponent's Digimon attacks it, and	Yes, it can. "This Digimon can also attack unsuspended Digimon" is an effect that only affects the Digimon that has it, so this card's "This Digimon [] isn't affected by your opponent's effects" effect can't be used to
7	this card's DP is less than or equal to the opponent's Digimon, is this card deleted?	
	Is this Digimon affected by effects like "Delete 1 of your Digimon," or "Suspend 1 of your Digimon" that I activate?	Yes, this card is affected by effects you activate.
9	If this card is in my battle area, can my own effects delete it or move it to my hand/deck/security stack?	Yes, you can. However, since this card is a Digi- Egg card, note that if this card would be moved to your hand, deck, or security stack, it's instead placed at the bottom of your Digi-
10	If I play two cards with [D-Reaper] in their traits, can I choose not to activate this card's [Your Turn] effect for the first card, and activate it for the second?	Yes, you can.
11	My opponent has [BT8-071 Psychemon] in play. Can this Digimon's [Your Turn] effect still reduce the play cost of cards with [D-Reaper] in their traits when I would play them?	No. [BT8-071 Psychemon]'s effect doesn't target Digimon themselves, so you can't activate this card's effect to reduce the play cost of cards.
12	If I use [BT4-105 Tactical Retreat!] on this card, can I place it on top of my security stack face down?	No. This card is a Digi-Egg card, so if it would be moved to your security stack, it's instead placed at the bottom of your Digi-Egg deck face down
13	Can I specify my opponent's [EX2- 007 Mother D-Reaper] as the target of an effect?	Yes, you can.
14	If an effect that targets multiple Digimon is also targeting my opponent's [EX2-007 Mother D- Reaper], is the effect cancelled, preventing it from affecting the other targeted Digimon?	No. It's only this Digimon that isn't affected. The other Digimon will be affected as normal.

		I have an [ADR-02 Searcher] with 1	No. You will only place the topmost
	15	or more digivolution cards in play. If I place it in this Digimon's digivolution cards with this card's [Main] effect, do I also get to place [ADR-02 Searcher]'s digivolution	[ADR-02 Searcher] in this Digimon's digivolution cards. All of [ADR-02 Searcher]'s digivolution cards are trashed.

If both a card with [Growlmon] or [Gallantmon] in its name and [Takato Matsuki] are among the cards revealed, can I choose to only add one of them to my hand, and place the remaining card at the bottom of my deck?	No. This card's effect reads "Add 1 card [] and 1 [Takato Matsuki] among them to your hand," so you must add as many cards to your hand as possible. In this case, you must add both 1 card with [Growlmon] or [Gallantmon] in its name, and 1 [Takato Matsuki] to

If you have a red Tamer in play, you can choose any number of your opponent's Digimon whose total DP adds up to 8000 or less.
	3	Does this card's "add 2000 to the maximum DP you can choose with DP-based deletion effects" effect also raise the maximum DP I can choose with other deletion effects	Yes, that's correct.

	1	This card's [When Digivolving] effect reads "Delete 1 of your opponent's Digimon with 10000 DP or less. If no Digimon was deleted by this effect" What situations does "If no Digimon was deleted by this effect" refer to, specifically?	"If no Digimon was deleted by this effect" refers to a state in which, when resolving this Digimon's [When Digivolving] effect, your opponent doesn't have a Digimon with 10000 DP or less in play, or you try to delete an opponent's suitable Digimon can't be deleted with the effect. Essentially, if you didn't delete a Digimon by "Delete 1 of your opponent's Digimon with 10000 DP or less," follow the instructions listed after "If no Digimon was deleted by this effect"
	2	My opponent has a Digimon with 10000 DP or less in play. Can I choose not to delete my opponent's Digimon with this card's [When Digivolving] effect so we both trash the top 5 cards of our deck?	No. If there's a valid target in play, you must choose it with the effect. You can't choose to NOT activate the effect.

	3	My opponent has a Digimon with 10000 DP or less and an effect that reads, "This Digimon can't be deleted by your opponent's effects," and another Digimon with 10000 DP or less but no effect. Can I intentionally have this card's [When Digivolving] effect target the Digimon with the effect preventing deletion to have us both trash the top 5 cards of our decks?	Yes. You can choose your opponent's Digimon with 10000 DP or less as a target, even if the chosen Digimon has an effect that prevents it from being deleted, in order to get the "if no Digimon was deleted by this effect" part of the effect.
	4	If [EX2-008 Guilmon]'s [On Play] effect reveals this card from my deck, can I add it to my hand as a card that has [Gallantmon] in its name?	Yes, you can.
	5	I try to delete an opponent's Digimon with this card's [When Digivolving] effect, and my opponent activates <decoy> to prevent the chosen Digimon from being deleted. If the Digimon that activated <decoy> is deleted, does the "if no Digimon was deleted by this effect" part of this card's effect still activate?</decoy></decoy>	Yes. The Digimon chosen as a target for this effect is not deleted, and the Digimon that activates <decoy> is deleted by the effect of <decoy> and not this effect. As such, the condition is satisfied for "if no Digimon was deleted by this effect," and both players will trash the top 5 cards of their decks.</decoy></decoy>
