	5	My Digimon has this card in its digivolution cards. Does the digivolution cost increase by 1 when my opponent digivolves a red Tamer with cards under it into a [BT4-011 Agunimon]?	No, it doesn't. [BT4-011 Agunimon]'s effect reads "You may Digivolve this card from your hand onto one of your red Tamers as if the Tamer is a level 3 Digimon," so a Tamer with cards under it is considered to be a Digimon with digivolution cards.

No, the digivolution cost only increases by 1. 	3	1 of my opponent's Digimon with no digivolution cards and 1 of my opponent's Digimon with digivolution cards DNA digivolves when my Digimon has this card in its digivolution cards. Does the digivolution cost increase by 1?	Yes, the digivolution cost increases by 1.

No. This card's effect reads "Add 1 yellow card [...] and 1 card with [Four Great Dragons] in its traits among them to your hand," so you must add as many cards to your hand as possible.
<b>EX3-034</b>	<b>Angewomon</b>		
	1	I used this card's [When Digivolving] effect to place a [EX3-069 Trial of the Four Great Dragons] from my hand in the battle area. Does [EX3-069 Trial of the Four Great Dragons]'s [Main] <Draw 1>. 	2	My opponent activates this card's [On Play] effect. Can I use a <Digisorption> effect to suspend an unsuspended Digimon and then digivolve that Digimon in the next turn?	No, you can't. <Digisorption> effects read "when one of your Digimon digivolves," so unless the Digimon for the digivolution is in a state where it can digivolve, the effect can't activate.

[BT4-011 Agunimon]'s effect reads "You may digivolve this card from your hand onto one of your red Tamers as if the Tamer is a level 3 red Digimon," so it is considered to be an unsuspended Digimon and can't digivolve.
<b>EX3-054</b>	<b>Darkdramon</b>		
	1	Can I choose not to digivolve after returning cards with [D-Brigade] in their traits from my trash to the top of my deck for this card's "When you would digivolve into this card" effect? Yes, it activates. "You may place 1 green or blue Digimon card with [Dramon] in its name from your hand under this Digimon as its bottom digivolution card" activates when digivolving normally or when DNA digivolving. Can I suspend both copies of this card and activate the digivolved Digimon's [On Play] effects twice?	Yes, you can. However, you can't activate 2 effects at the same time, so you must activate them 1 at a time. After you suspend the first card and activate 1 of the digivolved Digimon's [On Play] effects, then you may suspend the second card and activate the second [On Play] effect. Note that if the first effect or another effect triggers an effect that deletes the digivolved Digimon or otherwise removes it from the battle area, the second effect doesn't activate.
	2	One of my Digimon digivolved into a [EX3-012 Volcanicdramon] when I had 2 copies of this card in play. I used the effects on the first copy of this card to activate [EX3-012 Volcanicdramon]'s [On Play] effect and deleted all of my opponent's Digimon with the lowest DP. At this time, does the [On Deletion] effect of my opponent's deleted Digimon activate first or does the effect on the second copy of this card activate first?	The [On Deletion] effect is triggered afterward, so the [On Deletion] effect takes priority and activates first.

<b>EX3-066</b>	<b>Hyper Infinity Cannon</b>		
	1	What does "While you have a level 6 Digimon with [Machine] in its traits in play, you may use this card without meeting its color requirements." mean, exactly? Do I delete that Digimon even if digivolution cards are added by an effect and then it becomes another Digimon due to an effect such as <De-Digivolve>?	Yes, it is still a Digimon that was played by this effect, so you delete it at the end of your opponent's turn.
