P-004	Gomamon	
1	You use an effect that reads "Return 1 of your opponent's Digimon to their hand. Trash all of the digivolution cards of that Digimon" to return an opponent's Digimon to their hand. When your opponent's digivolution cards are trashed as a result, can you activate this card's effect?	No, you can't. "Trash all of the digivolution cards of those Digimon" is an explanation of what happens to the digivolution cards of the Digimon when it returns to their hand. It doesn't count as trashing digivolution for the purposes of this card's effect.
P-010	Greymon	
1	Does this card's effect apply if it has [Agumon Expert] or [ToyAgumon] as a digivolution card?	No. This card's effect only applies if a card with the exact name [Agumon] is one of its digivolution cards. Despite [Agumon Expert], [ToyAgumon], and other Digimon cards having [Agumon] in their names, the effect doesn't apply if it isn't an exact match.

1	Do I always have to use this card's effect when I attack?	No. The effect is voluntary.
2	Can I use this card's When Attacking effect to trash 6 cards from the top of my deck and give this card +4000 DP?	No, you can't.
3	I attack with this card and activate its When Attacking effect to get +2000 DP. I then unsuspend this card using a card effect and attack again. Can I use the When Attacking effect again to get an additional +2000 DP?	Yes, you can.
4	Can I activate this card's inherited effect when I have 2 or less non-Digi-Egg cards in my trash?	No, you can't.
5	When using this card's inherited effect to return cards from my trash to the bottom of my deck, is my opponent allowed to check what cards I am returning to my deck?	Yes. Cards in your trash are considered public information, so please let your opponent confirm which cards you're returning to your deck before you do so.
6	Can I use this card's inherited effect to return 3 non-Digi-Egg cards to the bottom of my deck but not activate <Draw 1>?	No, you can't.

3	If I have two copies of this Tamer as well as one [Veedramon] in play in my battle area, can I activate the effects of both Tamers?	Yes, you can.

	4	If I have one [Veedramon] in play in my battle area, can I use this card's effect to make a Digimon that doesn't have [Veedramon] in its name get +1000 DP?	Yes, you can.
